

**TITLE:** Software Engineer

Looking to Improve People's Lives? To Defy Gravity? Then Gorbel Medical is the place for you!

Gorbel Medical is an innovator in medical rehabilitation devices. We are on the leading edge of gait and balance rehabilitation with our patented SafeGait™ 360° Balance and Mobility Trainer. Designed with patients and therapists in mind, SafeGait offers a safe, more efficient alternative to traditional gait and balance therapy.

Gorbel Medical has an immediate opportunity for a motivated, self-starting Software Engineer with expertise in the development of product software for our state of the art medical products. This position requires the ability to conceptualize, develop, implement and maintain new and existing product software using sound engineering principles.

**As a Software Engineer, you will:**

- Develop market leading product software that differentiates Gorbel Medical from its competition
- Work with customers to turn their requirements into leading edge products
- Collaborate on teams to provide integrated, reliable, effective solutions
- Improve People's Lives!

**To be successful, you will need:**

- A Bachelors Degree in Software Engineering, Computer Science, or a related degree
- Experience with;
  - Microsoft .NET programming with C#
  - Team Foundation Server (TFS)
  - Internet Information Services (IIS)
  - SQL Server
  - TCP communications
  - Model-View-Controller (MVC) component structure
  - Entity Framework 6
  - WebAPI Framework

**It would be nice if you had experience with:**

- Medical product development
- FDA or ISO requirements
- Producing graphical interfaces
- Developing apps for mobile devices (Windows or Android)
- Embedded control software

**How much will you be paid?**

We competitively compensate based on your experience

**What's in it for you:**

Medical, dental, vision, life insurance, disability, paid time off package, 401k with company contribution, FSA or HSA opportunities, H1B support for qualified candidates, educational assistance, dependant scholarship program, onsite fitness center, and more.

*Gorbel Inc is an equal opportunity employer*
